

500 INTERIOR SIGNAGE SERIES

The 500 series is an etched zinc metal. The Sign Face is made up of 98% pure zinc, 1% Magnesium, and 1% trace elements. It is chemically deep etched zinc. This option is available in .064 or .125 depth. The metal can be painted any color and is also available with a brushed silver or bronze-tone finish for copy and borders. Since it is etched out of metal, it can also be any shape and allows for etched designs such as a decorative border or logo.
